Richard Bartle – a senior lecturer in computer game design at the University of Essex, where in 1978 he created the Multi-User Dungeon, a text-based game credited with being the first-ever virtual world – is unconvinced that experiencing media and meeting other avatars inside game worlds can be interpreted as the inception of a Metaverse. “Yes, you can [do those things]. But why would you?” he says, matter-of-factly. “In pandemic times, it's easy to say that: ‘You can go online and watch movies with your mates!’ But why would I need to go online, when I can just watch it on my television, which is much bigger – and doesn't have little [avatars] anywhere?”

Bronstein says virtual fashion is “huge” within the Roblox community. “People can also be whoever they want to be on the platform, and this authenticity is an important part of their self-expression, be it in real life or in the Metaverse.” He points to the recent Gucci Garden event, which saw a virtual bag eventually sell for around \$4,115. Its physical counterpart costs \$3,400. The bag cannot be transferred out of Roblox, suggesting that some users place primacy on how their avatars look over being able to flaunt these items in the physical world. Plenty of brands have started selling legally licensed digital product replicas, including Nike Air Max trainers and NFL merchandise.

During a recent developer Q&A, Splitgate developers announced that they are working on an update that will bring Splitgate to Xbox Series X/S and PlayStation 5. We don't know much else at this point, and there is no release window announced, but we expect the Splitgate upgrade will have a smoother framerate than the Splitgate PS4 and Xbox One versions have currently. 1047 Games also mentioned possibilities of versions on Switch, Mac, and mobile, but the studio hasn't begun any work for such versions yet.

Equally, if you get caught using an account generated through these programs, there are big consequences. The official Roblox site strongly advises against using schemes like account generators. They say that anyone asking you to input your details anywhere is scamming you, and that you won't receive a glitched account or free Robux. The terms of service also warn against it, too. They say that you cannot obtain "exploited game or experience content." This includes hacked accounts with Robux. If you're caught doing this, they reserve the right to immediately close your account.

Roblox has big plans for other virtual music events as it works to realize its version of a metaverse. At the end of March, rock duo Royal Blood performed during the in-game "Bloxy's" awards and premiered a new song. Also, Roblox would really like not to get sued over music rights, so it just signed deals with Sony and BMG.

Generally speaking, Roblox is a safe environment for your kids to spend time in but be warned there are people out there who try to take advantage of the fact that most people playing Roblox are kids.
